

High winds expected Wednesday

December 13, 2021
4:09 PM

Damaging winds, and a few T-storms possible Wednesday

Key Messages

- **High wind watch is in effect from 9am Wednesday through midnight**
 - ◆ Southerly wind gusts between 50-60 mph are expected
 - ◆ Gusts in excess of 60 mph possible in far northwest MO/northeast KS
- **Storm chances Wednesday evening and overnight**
 - ◆ Storm chances are low, however if storms are able to develop, a few could be strong to severe with damaging winds as the main threat
- **Elevated fire weather concerns exist on Wednesday as well with strong winds and dry fuels**
 - ◆ Burning is discouraged

High Wind Watch Details

December 13, 2021

4:09 PM
